DETAILS

My friend and I were standing by the bar dancing when we heard pop gunshots coming from Mandalay Bay. We stood there for a minute until everyone said get down or run. Once I heard that guy say that more gunshots were going off, then I ran towards the exit. I got shot on the inside of my left bicep. I kept running until I saw an ambulance.

DETAILS Shots coming from Mandalay Bay Area. Sounded like fireworks. 10:00pm Laid on ground in VIP Area. Seemed they would shoot about 30 rounds and reload. When he reloaded we headed for the far exit by the Tropicana. When I was hit by a fragment of bullet in my chest, went straight to Emergency Hut then to a random pick up to a cop car that took us to hospital.

DETAILS:

We were attending the Route 91 Country Music Festival. My family was sitting in the [REDACTED] As Jason Aldean was singing I hear several bangs off to the south of the venue. We did not do anything at first, assuming the sounds were fireworks. After hearing a second series of bangs we all dropped to the floor of our seating area. As we saw people running north, we started to run to the north of the venue, across the open area we took cover behind a booth when we heard more gun shots. ~~My son yelled that he had been shot he rolled over and we noticed that he had been struck in the chest. We all got back up and started running north. We were separated from my son/girl friend. My husband and I climbed over the north perimeter fence and ran to the Tropicana.~~

DETAILS:

I was working at festival for the 3 days. On Sunday my job was working the stage going up and down with instruments. My job was to make sure that artist change ran smoothly. So around 10pm or 10:10pm I was moving boxes toward the stage that needed for artist to put instruments. Once number was done I hear some strong noises and immediately thought it was fireworks. The first shots I heard were separate like if it was fireworks. 5 minutes after I hear a non stop shots like hundreds of shots being fired in seconds. I immediately went to the ground. I saw my friend from a distance and I screamed at her to hide under the stage. She just said I'll stay in the same place. I went under the stage and moved forward to the other end of stage. People just started to run and at a point I had people stepping on me. At that moment I felt that I was in the middle of the war. I was able to make it backstage.

were I immediately was in front of some one injured. Me and 3 co workers assisted to take him to take him for help. I heard people under stage crying and I flash my phone light at them and told them I work there and to trust me and to come run through back of stage and go left. We were he knew it was safe. I stayed back to help and I received messages from my management and vice president asking me if I was OK. I called my wife and told her what was happening. I was worried for my friends and found one and ask about our other co-workers.

I stayed to help as much as I could. I saw bodies everywhere people with bullet injuries, trucks full with bodies. After that I started to find my truck that was in a separate lot. My truck was parked I started to drive and had to drive around dead bodies to make out of lot. I couldn't think straight what I was living through and I could think was of my daughter who works at Harrah's and called my wife to make sure she ~~was~~ didn't go to work. At once I got home and saw the news and they were saying 92 people dead and I knew that wasn't true. I saw so many bodies as I try to leave place I knew it was more.

I was on call to work the next day @ MGM. I told my wife I was scared she told not to go if I didn't feel good. I still went and was welcome by coworkers w/ hugs and tears. As been a week and im paranoid. I can't sleep, I hear gun shot all day. I cry all day. I'm nervous to go outside. My family has been deeply affected my relationship it being affected my wife (can't even touch me because I get paranoid. Im traumatic and still can't put all pieces together. What my eye witness and what I had to go through that day I don't wish upon anyone.

DETAILS

We were sitting in the handicapped section - We heard 3 pops or so - thought it was fireworks initially. Then we heard screams and continuous gunfire. Loud gunfire that never seemed to stop. My husband pushed me to the floor and we crawled off the platform & ran. It was chaos, screaming, the gunshots just kept going.

DETAILS We were sitting in the rear lounge when the shooting started. It sounded like a loud "whip" and "crack". Multiple shots fired before people realized what was going on. We instantly hit the deck and stayed low. Eventually ~~we~~ crawled underneath the small grandstand. All the while hearing the same whip and crack. The sound made it feel like the shots were taking place on top of us. After some of the crowd cleared there were bodies covering the main general admission area. Some people began to reach out to those that were wounded. I specifically remember 4 dead bodies as we crawled to what we felt was a safe place. As we ran out of the venue there were people being carried out on fence pieces being used as a gurney.

DETAILS I attended the Route 91 Harvest Festival. I was sitting in the vip chairs. At first I thought that firecrackers were being set off in the street behind us, but soon realized that they were gun shots. I saw Jason Aldean and band run off stage and I hunched down on the ground between the seats. I heard probably 5 different sets of gun shot rounds. It was so loud I felt like it was coming directly behind and above me my family and I then crawled underneath the bleacher chairs of the VIP section. It was then I could see that people were injured and shot. I saw chest compressions being done in the middle of the field. I saw people carrying other injured people to the side. It was devastation. After the fire shot, stopped we ran to the tropicana.

DETAILS I was in attendance at the Route 91 festival. During Jason Aldean's performance, I heard what I thought to be approx. 4 fireworks coming from the right side of the stage. I was standing about 30 yards back from the main stage on the left side of the camera operator (when facing the stage). As no one was moving and Jason continued to perform, I stayed where I was. About 15-20 seconds later, more of the explosive sounds continued and I moved to the stage to see the show had stopped and realized the sounds were bullets and began to run towards the east exit of the event.

DETAILS:

I was working at Route 91 Harvest Festival Las Vegas. My job was working the stage as a stage hand. I was working on stage. I heard gun shots, the noise was different and I thought it was fireworks. I stare at the sky and I did not see anything. I then saw people running so I did to. I started to run towards the Tropicana hotel. I was with my coworkers. I saw people full out was running. I heard people screaming and crying and ran towards Tropicana. When I got to the Tropicana with a hundred others running for safety. I was held there for 2 hours. When I got out when to my car. As I was driving I got stopped by a police. Pointed a gun at me, was told to go to another car. The cop escorted me to the airport. I was picked up by shuttle for Thomas and Mack Center. I got a ride to the Rio and took a taxi to my home. When I got home I had to go buy a new uniform for the new job I started.

DETAILS:

I was working backstage during the event. 2 minutes prior to the shooting I was on the stage helping reset the stage for the next act. I then took my break. Purchased a coffee & proceeded to the smoking area about 30 feet from the stage. When the shooting first began I was still in my ^{smoking} area assuming the loud sounds were fireworks. My friend said "I think it's the real deal" my other friend thinking next time had a panic and we overheard the security radio yelling "They're shooting they are shooting KILL!". We then hid behind a concrete wall that was ~~partially~~ ^{partially} there. That was during the first shots fired. During the second round of shots we continued to hide but we witnessed everyone from the concert running trying to find the back exit when we saw everyone running that I believe we also ran because we thought the shooter was close by. The bullets were so close that my hearing was affected for a few days. I witnessed a number of people fall to the ground and bullets flying everywhere. We continued to run until we found a nearby apartment complex which we then hid in ~~for 3 hours~~ ^{for 3 hours}. I called 911 at least 3 times and they instructed us to stay in place. I feel blessed to be alive with my family.

DETAILS

We arrived at the concert at 9:00PM. got a pretzel and lemonade. We then went to go stand behind the main stage bar. Jason came on at 9:35-9:40ish he began playing his set. After 4 songs my mom and I heard "fire cracker" noises. My mom pulled me over behind the bar. The "firecracker" noises started happening faster and more frequently. Tens of people began running towards the main exit. My mom grabbed me, told me to stay low but run. We ran my mom got shot in the leg and I was shot in the buttcheek. The shots sounded like they were coming from the top of Mandalay Bay. We hid under a bar area and could hear the bullets hitting the table top. We ran once the bullets paused and continued running until we made it to the top of the MGM monirail and had [redacted] call 911.

DETAILS Approximately 10:00 PM, My fiancé and I were standing approximately 15 yards to the East of the Main Stage runway while listening and dancing to Jason Aldean's performance. Gunfire erupted, some one said it was firecrackers, but pulled my fiancé down and then when the shots stopped, we stood back up. We then observed Jason Aldean and band evacuate the stage. I saw an individual running around in a circle just West of the Stage runway and more reports of firecrackers. My fiancé and I got down and then proceeded to evacuate and find better cover. We continued to work our way further away, while trying to assist others, until we arrived at a dead end at a building mark Nagar SIX along with others trying to escape the gunfire. A window was broken out to gain access and Pull up door was opened for our exit. I used an office phone to call 911 for assistance.

DESCRIPCION DETALLADA Estaba yo limpiando los baños, cambiando papel higienico cuando escuche los primeros disparos, sonaban un poco lejos y pense en ese momento que se trataba de cohetes que era parte del evento, y seguí trabajando y la música seguía después se escuchó más veces la gente empezó a correr a esconderse y decían alguien está disparando del hotel yo me asuste y empecé a textear a mi hijo quien también se encontraba trabajando ahí, me escondí un rato pero al no recibir respuesta de mi hijo salí de mi escondite, los tiros seguían y yo muy preocupada no entendía que estaba pasando ni porque cuando salí de mi escondite fui al lugar donde guardamos las cosas ahí encontré a mis compañeros, ellos decían no hagan ruido porque puedan darse cuenta que aquí estamos y van a venir acabar con nosotros, en esos momentos recibí los mensajes de mi hijo y me tranquilice un poco, pero me salí cuando pararon un poco las balas, vi mucha gente corriendo buscando la salida vi como llevaban algunos heridos, y un señor herido lo llevaban en una carretilla, cuando iba corriendo por la calle mire una camioneta que llevaba unas personas acostadas atrás tal vez heridas o muertas.

DETAILS On Sun Oct 1, 2017 I arrived at the 'Route 91-Harvest' Festival and tried to get into the Gate at 9:45 PM. Just after Jason Aldean began his 3rd set the shootout began. I was at Las Vegas Blvd - just South of Gate 2B and was behind the brick wall after I realized there was a sniper/shooter. After all the police arrived one of the Gates opened and as I had to get inside, I was trapped by all the people rushing out. I was injured and stayed there until the shootout was over. Approximately 15 minutes I was trapped there. I got a ride home immediately afterward (approx. 10:30 PM).

* I also registered at the Victims Crisis Ctr Oct 2, 17

DETAILS At about 10:15pm, my boyfriend and I were on the left side of the stage, by the vendor trailers in the middle, on the artificial grass, watching Jason Aldean. We heard something that sounded like fireworks. I looked around, looking for the fireworks, thinking it was a part of the show. I didn't see any fireworks. Then I thought someone was messing around in the crowd. Right after that, I noticed to the right of me, about 20 feet away, people spreading out and trying to move. I stayed where I was and saw people on the ground. As that happened I heard a lot of popping noises. This sounded like a gun. People started ducking and screaming. I grabbed my boyfriends leg (who was behind me) and said "we got to go". He pushed my head down to keep me safe and we started running. As we were running, people next to us were falling on the ground. Everyone was screaming and trying to run or duck behind vendor booths. We ran out of the gate that had been pushed down on the left side by the port-a-potties. This entire time, all we heard is gun shots and people screaming. When we got out by the church, it stopped for a little bit.

We thought it was done so we started walking. Then the gun shots started again and everyone started running again. I was so scared and thought I was running too slow so I took my boots off and ran barefoot. I ran into the Tropicana because it was the closest place. I ran in the door closest to where the place was. I thought I was safe so I stood against a wall, trying to catch my breath. We heard gun shots again and people yelling "run." I saw people dressed in suits getting people into a near-by restaurant but we were on the second level and that was on the first. My boyfriend found a door that said "employees only." We ran in there with another group of people. So the shots couldn't find us. We continued running down the hallway and found two double doors. We opened them and it lead to outside. People were telling us "don't come out here" and they were trying to get in. Some kept running by. My boyfriend and I ran out the door anyways. To the right of where we were was Las Vegas Blvd. We ran that way. We ran across Las Vegas Blvd and through the green fence thing in the median to the Excalibur where we were parked. We kept running through the Excalibur. Everyone kept yelling "run!" People in the Excalibur were looking at us weird. I don't think they knew what was happening. We ran all the way through the side parking lot to the parking garage, up the stairs, to the second level where my boyfriend's truck was. As soon as we got to the truck, we were able to get out and get to his parents house. When we got to his parents house, my feet were covered in blisters and I was still shaking.

STATEMENT OF: [REDACTED] (MP)

MP: Um, we were kinda closer to the stage, like, mm, in between like, the left and the middle like, we were startin' to move up, and then we thought that it was just like, firecrackers or fireworks starting to go off, but he was only in like, his fourth song, so we knew that - that wasn't right, and my boyfriend has PTSD and so we were getting ready to leave 'cause he was kind of startin' to freak out. And then we started - the gunshots really like, started to get bad and so we were like, running. And then we - he kind of like, threw me behind a trashcan to like, hide for a second, and I was telling him that like, my arm and like, abdomen were really hurting, so he looked and saw that I had gotten shot on my side and then we went, kind of like towards the gate, and he took his shirt off to kind of put pressure on it and then I was telling him that my arm was hurting too, and so I took like, my flannel off and we tied it around my arm and him and these two girls had helped carry me outside. And then they left to go help like, more people, and then this guy and his girlfriend had gotten us over a wall and in the truck, and then they drove us here. And they kind of did break laws getting us here but...

MJ: Right.

MP: ...it kind of...

MJ: You didn't (unintelligible)...

you were saying that you think maybe there was definitely more than...

MP: There was definitely...

RS: ...one suspect?

MP: ...one in the crowd with us, because as you're running away from Mandalay Bay, the shots were getting closer, and getting louder, like it - there was definitely more, like, we believe that there's probably a good three, 'cause it was - it was just no way that he's all the way up on the 32nd floor and shots are getting louder as we're trying to

RS: Hm. Was there anything that y- well you were running towards, like a wall or somethin' that the one's that's from behind you could be...

MP: Uh...

RS: ...bouncin' off of?

MP: ...they ran us out, like, one of the exits and we were kind of just like running towards the one street and there was a buncha cop cars and they had like, a buncha people who had been shot, like, in between two cop cars, that way ambulances could find them fast, but it was just gonna take a long time for them to kind of get everybody transported and that's when the guy and his girlfriend kinda were just like, "Let's just jump this wall," 'cause their truck was on the other side of the wall.

RS: Yeah.

MP: And so they helped us get over the wall and took us here.

RS: Okay. And then can you think of anything else maybe that - like when you said that i- i- I didn't expect you to say that. So that...

BP: Um, I was at the Route 91 concert and, uh, Jason Aldean had come on, and, um, it kinda sounded like firecrackers, um, but then the stage kinda went dark and everyone started running. So, uh, I knew we were gettin' shot at, and, uh, I started to

run, um, 'cause there wasn't any sound, but then you heard him start firing again. So I had dropped down, on the ground real quick, and then when that stopped I got up and started running again. Um, then that's when I got shot, um, I wasn't, you know, like out of the venue or anything yet. And, um, yeah, I got shot, uh, in my pelvis, r- uh, from the back, like right - right below my tailbone. And, um, I also got shot in the back of my right leg on my thigh, I didn't know about that one at the time though. Um, yeah, and then I ended up makin' my way all the way over to the, uh, Playboy Hotel, or the Hooters Hotel, I'm sorry.

RR: Okay.

BP: And, um, and then when I was in there - there was an off duty EMT that helped me out, and then there ended up bein' an ambulance outside in the valet, then I went there and then they brought me here. And then, uh, now I've - I've had surgery, um, so the - the bullet did when it went into the pelvis it, um, also damaged, um, one of my intestines. Um, so they had to put a colostomy bag in for a couple months. So I'll have to have another surgery in a couple months to get that out and, um, yeah, but other than that, (unintelligible) still hurt.

RR: [REDACTED] uh, inside the venue, where are you when this starts taking place?

BP: I was pretty much like in the middle of the crowd.

RR: Okay. So, between like, the stage and - I don't know what the rear barrier is there, uh, I guess there's a - some sort of like, filming area in the middle, is that correct? Where they're ho- controlling the lights, some sort of...

RR: Okay.

BP: And I was, uh, to the left of those.

RR: And then, uh, initially e- e- you're thinkin' firecrackers?

BP: Yeah.

RR: Um, and then what kinda motivated you, or - or - the realization that you made like, okay, this is not firecrackers, this is something else?

BP: Well, 'cause it - the sound started to happen again, so I kinda thought maybe somethin' was goin' on and then the stage lights went dark and everyone started runnin'.

RR: Like, okay, it's time to go?

BP: Yeah.

RR: Um, and then so, you start running away from the stage, correct?

BP: Uh, yeah, I didn't - a lot of people ran back towards the entrance where we came in, but I knew that there was gates on the other side, so I ran to those gates 'cause I

BP: I could kinda guess it was comin' from that way.

RR: Yeah? But not real sure?

BP: Uh, no, n- I - I thought he was like, in the venue. But, yeah, I- I knew it was comin' from that side though.

RR: Uh, and then you ran from the venue to Hooters?

BP: Yeah.

RR: On your own? And then you got in an ambulance there and they dro- brought you here? Uh, you didn't have to stop anywhere and they refused you or anything like that?

BP: Yeah, we already had like, four or five people in the ambulance, when I got in there.

RM: It s- it..

GC: ...that you heard?

RM: It sounded as if there were firework - fireworks goin' off within 25' of me.

GC: Okay.

RM: Um, as I said the f- first round, I thought it was fireworks, and after that knew it wasn't fireworks. Um, I can't say that I've seen muzzle flash, or anything like that, I - I am familiar with the sound of gunfire, so I - I knew what it was at that point. Um, we ran to the back of a hotel I'm not sure which hotel it was, um, from that point they instructed us to leave that hotel and go to the Tropicana. We were in the Tropicana and somebody screamed, thought that there was somebody comin' in the back of the Tropicana. As we ran outta there, I felt my chest was - I was havin' a heart attack. My son flagged down the paramedic and that's how I got here.

DW: And you - what did you see, any s- pretty much the same?

DM: Uh, pretty much the same, like he was saying we were probably 15' away from the main stage, uh, right by the fence. And then as soon as it went - it sounded like it was comin' from - oh, I thought he came from up high, but it sounded like firecrackers or fireworks, somethin' like that goin' off. Um, second time it went off, you n- we kinda knew that as planned, it wasn't fireworks, firecrackers, everybody got don, and, um, 'bout I don't know 30 seconds later maybe, we heard it again, so him and I jumped the fence, hid in the sound check booth, ran, we ran into the back of the Tropicana, stood there for probably a minute to a minute and 45 seconds, then they

DW: Could you still hear gunfire when you were at the Tropicana?

DM: Yes.

RM: Yes.

DM: All the way runnin' there and while we were there we heard gunshots goin' off.

DW: Okay.

DM: So we went to the Tropicana, um, he thought he was havin' chest pains, so we - we were gonna get up and walk to the triage over there by the Hooter's Casino, when everybody started runnin' out the back door, from the front to the back, and then I helped him over to the triage, and then we came here.

DW: And the paramedics brought you here?

DM: Yes.

DW: And you dr- you rode with him?

DM: Yes.

RM: Uh-huh.

DW: And what's the doctor say? Just...

[REDACTED] That is correct.

BH: And what is your position here at the Mandalay Bay?

[REDACTED] I'm a [REDACTED]

BH: Oh.

[REDACTED] ... assigned to swing shift.

BH: Assigned to swing shift, okay. So were you working that night on - on October 1st?

[REDACTED] Yes, I was.

BH: Okay. Uh, what do you recall from that night in your own words?

[REDACTED] Well, um, around 2100 hours approximately, um, we had found two prostitutes, recognized prostitutes in a bar on the casino floor, Mizuya Lounge. We escorted the two women to our holding room, the casino security office, um, where I, um, we did pat down searches on them. They had, uh, false ID on both of them and also regular ID. I made the phone call for Metro to show, I'm gonna guess probably around 2120 hours -- I'm sorry -- 2140 hours, uh, Metro arrived. Okay, we went to the, uh - uh,

CSO. Um, they started working it and they made the decision that they were going to Class II arrest them.

BH: Okay.

[REDACTED] Uh, both of them. Uh, they began to do the paperwork, uh, and I'm gonna, you know, you're not recording times because you don't know what's gonna happen, right. So I'm going by a guesstimate, a good guesstimate, I'm gonna say about 21 - or 2200 hours. Um, a radio transmission came over, uh, Metro Officer Hendrick's, uh, radio, um, "Shots fired, uh, festival lot across from Luxor." Officer Hendrex looks at me and said, uh, "Did you hear that?" And I said, "Yeah, that's right across the street." And right after I said that over Metro's radio again came, "Headed to Mandalay Bay."

BH: Okay.

[REDACTED] And it was like, uh, basically everybody went, "Oh, shit." And then, uh, we, uh, ran out of the CSO towards the casino floor. Uh, my intention was to head towards the Dragon Falls on the corner of Las Vegas Boulevard and Mandalay Bay Road.

BH: Okay.

[REDACTED] Okay, because that would have been the logical entry from the festival lot if they were heading to Mandalay Bay. So my intention was to go out the tram doors to start heading in that direction, but as we hit the craps tables our radio transmission came from our security officer who was patrolling the hotel at that time, um, [REDACTED] um, his radio trans- transmission was, uh, [REDACTED], control. Shots fired, 32nd floor, 100 wing. I think I've been hit." So as soon as we heard that I yelled at

Hendrex and said, "Elevators - elevators, shots fired on - elevators - elevators." So we ran, we grabbed an elevator. Uh, me, uh, my [REDACTED] um, Officer Hendrex with Metro, his trainee -- which I don't know the name, it was her first day -- uh, and myself we were in the elevator heading up to 32. When we hit around the 23rd to 25th floor our radio traffic came on and said, "Shots fired 31st floor." So I pushed the 31st button.

BH: Okay.

[REDACTED] And the 32 was obviously pressed already. We were all going to 32.

BH: Okay.

[REDACTED] Doors opened on 32. [REDACTED] and the training Metro officer got off on the 31st floor.

BH: Okay.

[REDACTED] Me and Hendrex got off on the 32nd floor. When we got off on the 32nd floor we heard active shooting still going on.

BH: So hold on, so Hendrex is - was he with you on 32?

[REDACTED] Mm-hm.

BH: He left his trainee down on 31?

[REDACTED] He - the trainee got off with my two assistants on 31.

BH: Okay - okay.

[REDACTED] And Hendrex went up with me to 32.

BH: Okay.

[REDACTED] Um, then, uh, when the elevator doors opened we heard active, uh, semi-fire. Uh, it was basically (making gunfire noises). We head - we turn the wing, because the 100 wing when you came out of the elevator bank was on the right. We turned the wing. I hugged the left wall at center core. He hugged the right wall and there was active shooting going on in the room from an approximately two minutes more. About two minutes more there was still gunfire going on. Then it got quiet. That was it, done. And then myself and Officer Hendrex with our weapons drawn on the room way down the hallway now...

BH: Mm-hm.

[REDACTED] ...uh, we maintained -tained our - we maintained our position, uh, to conceal, uh, to confine rather, um, that room, um, hopefully nobody would be coming out. And then we waited, uh, and then I'm gonna say about maybe three to four minutes later some uniform Metro cops started showing up, gathering in center - center core. Uh, center core would be, uh - um, the middle of the three wings coming in for the elevator bank. Um, and then, um - uh, armor started to arrive, long guns. And then, um - uh, armor set up in front. Uh, had two officers laying on the floor with their rifles drawn on the room. Uh, one in the left, one on the right. And then, uh, after a while a decision was made to try to start to evacuate the rooms from that active shooter wing...

BH: Right.

BH: Okay.

[REDACTED] So the guest room doors all the way down the hallway go, uh, two and two on each side, two and two on each side until you get to the end which was the suite, the 135 room. So we - they started here at the beginning, um, opened up this one, yelling, going in, "Metro, let me see your hands - let me see your..." Nobody was in that room if I remember right. This one had a person in the room. Then they went across, they went across, then we started hopping - we started hopping four rooms at a time on the hop as you were going down the wing. Um, approximately I would say between 15 and 20 guests were evacuated including a mom, uh, who had left an infant in a room alone. Uh, the baby was probably about one or one and a half years old. She was in a room across the hallway. Um, and then she ran across with, uh, Metro, uh, to get the baby out of the room and, um - um, Sergeant Matchko, um, he was in front of me. Uh, he actually grabbed the, uh, child from the mom and ran the baby down for protection 'cause of body armor, um, to center core with the mom to get them to safety. And then came back. Um, approximately, I'm gonna say, um, I'm gonna say between 2230 and 2240 SWAT arrives. That would be my logical guess.

BH: Okay.

[REDACTED] Okay, 'cause they were the last ones. And then I heard over Metro's radio, uh, "SWAT on the 31st floor, 100 wing stairwell." And I knew SWAT was on 32 because I was there.

BH: Mm-hm.

[REDACTED] SWAT started going by me. Um, and we stopped evacuating rooms at around the 120 room, approximately 32-120. That was where the evacuations were put on a halt because they felt they were getting too close. Everything was maintained there, time went by and then a SWAT officer came up out of the 100 wing stairwell from 31 with a shield, put a charge on the door. The door is, um, it's a double door, but one of some - one of them is a dummy. It's only the one with the handle, the right side opens.

BH: Okay.

[REDACTED] This one's a dummy. You can take it off the lock, but it's a dummy. He put the charge on the dummy door, retreated back into the stairwell. Um, time went by and then, uh, Sergeant Matchko, uh, turned around and yelled at me, "Cover your ears, [REDACTED] And I covered my ears. About a full minute went by because it felt like a long time before - and then boom, the door was breached. Um, they waited for all the dust and smoke and all the shit to fly, um, and settle. And then, um, SWAT came up out of the 100 wing stairwell and off of - also off the 32nd, uh, 100 wing floor. I already gave them the, uh, description on the room, that the room was a living room when they're making entry, with a bedroom and a bedroom and bathrooms and

closets. So the team, SWAT team went in, one team went to the right and one team went to the left. They were yelling, "Metro, let me see your hands - let me see your hands - let me see your hands." And then one officer came back out of the room, went like this -- which to me meant it's done. And that's the way it ended.

BH: Okay.

[REDACTED] And then the rest was basically to clear the rest of the evacuations of the remaining rooms on the 100 wing and also the 200 and 300 wing which was on that same floor. And then after that, um, I departed, uh, down to the casino floor to start helping with the, uh, evacuation of property.

BH: Okay. Um, so when you guys arrived -- so let me - let me take it back to you're down in the basement, it's about 2200 hours. You guys here the 434 calls coming out over Hendrex's radio, and then you start to respond. From - from about that time how long do you think it is until you're actually on the 32nd floor? How much time do you think passed?

[REDACTED] Three to four minutes.

BH: Okay, and then...

[REDACTED] Of course we were running.

BH: Okay.

[REDACTED] We weren't walking, we were running. Uh, from the time we left the CSO, which is on casino level. It's not in the basement, it's on the casino level. It's by the arena -- by

the time we left the CSO and got to the craps tables and then diverted to go to the elevator. And we didn't wait too long for an elevator because I remember like, you know, when - when it's an emergency it feels like it takes forever...

BH: Mm-hm.

[REDACTED] ...for a fucking elevator, okay. But in this circumstance we got an elevator very quick and we were on the way up very quick. And the only delay we had on the way up was stopping at 31 because of the call over our radio that said shots fired on 31.

BH: Okay.

[REDACTED] Otherwise we would have been on 32 even sooner.

BH: Okay.

[REDACTED] But when we got to 32 and we exited the - me and Hendrex ent- exited the, uh, elevator, it was about a good two minutes, maybe a little bit more of active fire still coming from that room.

BH: So that's a lot, okay. Um, on the way up, did you hear any more radio transmissions coming from [REDACTED], what he thought he'd been shot with or any of that information?

[REDACTED] No, all I remember - all the radio traffic was that there was a call from our dispatch saying shots fired in the Crystal Room.

BH: Okay.

VOLUNTARY STATEMENT

PAGE 10

EVENT#: 171001-3519

STATEMENT OF: [REDACTED]

[REDACTED] The Crystal Room is our high limits, um, play for cards and, uh, roulette. Um, what we call pit 18, and it's also known as the Crystal Room. That's the other thing that came by was, "Shots fired in the Crystal Room." And I'm not sure, because there was another shots fired, and I think they said the 4th floor. But I am not sure on that one. Crystal Room I'm sure.

BH: Okay.

[REDACTED] But shots fired on 31 and I think later on at the Crystal Room time, shots fired on the 4th floor.

BH: Okay.

[REDACTED] Because I remember - I - I looked at, uh, Sergeant Matchko and I went -- uh, excuse my language -- I went - I went, "What the fuck is goin' on, man?" And then, um, because we had that and now allegedly that, and now allegedly right below us and now allegedly the 4th if I remember that right. You know, like what the hell's going on here, man. And then, um, that was it.

BH: Okay. Um, so three or four minutes to get up on the tower. You guys get up there and you have about two more minutes of - of active gunfire. When you arrived on the 32nd floor did you encounter [REDACTED] s at all?

[REDACTED] When I arrived on the 32nd floor I was so zoned, okay, that I don't remember what I saw except getting to that wing and keeping my eye on that door.

BH: Okay.

[REDACTED] So I - [REDACTED] might have been there or he might have been running down another, uh - uh, hallway. Um, the only other person that was there, um, besides an engineer, um, was, um, one of my officers, [REDACTED]. Uh, [REDACTED] Because I had him scribe for you guys, for Metro, for all the evacuated guests coming out of the rooms. Their names and their room number. So he was makin the scribe for Metro on evacuated people off of that wing.

BH: Okay.

[REDACTED] That's the only other person I remember on the wing was, uh, I mean, at - on the floor was, uh, the [REDACTED] and the engineer.

BH: Do - do you remember two armed security officers going up with you as well? Maybe, uh, [REDACTED] and...

[REDACTED] They were - they were...

BH: [REDACTED]

[REDACTED] ... they were later on, but they were not with me on the wing.

BH: Okay.

[REDACTED] So I - I'm watching this way. I'm not paying attention to what's going on...

BH: So they - they probably arrived maybe after...

[REDACTED] Mm-hm.

BH: ...you were already up? Okay - okay. Um, so you don't recall seeing [REDACTED] at all or making any...

[REDACTED] No.

BH: Because you're focused on what's going on...

((Crosstalk))

[REDACTED] Yeah, as soon as I came out of the room, active fire going on. Okay, I knew it was 100 wing so I know it's to the right, and my main thing was to get me to safety, even though it's cover, right, um, to make sure, you know, for protection of my life, okay, to make sure to get me to safety so I - I ran right to the left wall. And I had my eyeball with my weapon on the door, okay, just maintaining, okay, to make sure it was contained hopefully. And I don't remember anything going on behind me.

BH: Okay.

[REDACTED] Nothin'.

BH: Do you remember any communication between yourself and [REDACTED] uh, from your staff, where he - where he was positioned at that time?

[REDACTED] I remember they were on the 100 wing stairwell on the 31st floor.

BH: Okay, so he - so to your knowledge was - would it be correct to say he was holding the stairwell?

[REDACTED] With, uh, [REDACTED] my other [REDACTED] and the newbie, uh, Metro officer.

STATEMENT OF [REDACTED]

BH: Okay, so they were holding the stairwell, you - you guys were holding the hallway, essentially holding the - the end suite?

[REDACTED] Correct.

BH: Okay.

[REDACTED] Correct, so we have it - we have it sealed.

BH: Okay.

[REDACTED] Right, so that if they - they will run into something if they're trying to escape. It's either gonna be me and Hendrex down the hallway or it's gonna be the two [REDACTED] [REDACTED] and the new Metro officer in the stairwell on the 100 wing.

BH: So with - with the coordination of that timing you feel it's safe to say that no one could have left that room without someone seeing somebody?

[REDACTED] Ne- uh, negative. No one left the room.

BH: Okay.

[REDACTED] From the time that me and Hendrex were up there nobody had left the room. That door never opened.

BH: Okay, so it's safe to say you heard firing in there, firing stops, the room is secured essentially at this point.

[REDACTED] Yes, it's - it's - it's, uh, maintained.

STATEMENT OF: [REDACTED]

BH: Okay. Um, from - from that what - what else do you recall from that night as far as during those course of events? Is there anything that you can think of that might be helpful to us in our investigation?

[REDACTED] Well, the only other thing was I remember, uh, one of the police officers yelling at me. I think it was armor yelling at me about that baby left in the room. He wanted that woman's name and he wanted the room number. And I said, "Yes, sir." I says, "I'll take care it." That was the only other thing besides everything else about - including the hopping, going along and them, uh - uh, talking strategy, uh, and also you guys talking strategy and also, um - uh - uh, the radio traffic that I'm hearing off of your guys' radios including mine.

BH: Okay - okay, perfect. Anything else?

JM: No, that's good.

BH: Okay, all right, sir, I appreciate it. Uh, Operator, it's gonna be the end of interview. Same persons present. It's gonna be 1212 hours.

NARRATIVE:

Keith Bryant P# 7773 and I were assigned to work overtime for the Route 91 Festival at the MGM lot on Sunday, October 1st. Initially we were assigned different spots, but when we arrived for the briefing we were granted the opportunity to work together. Our call sign was 184SE and our post was the Rear Grass/ Lawn Chair Area. Keith and I started walking towards the right side of the event where we ran right into Officer Charlie Hartfield. We smiled (we had worked with Charlie for several years at SEAC) but I had not seen him in a while. We shook hands and then completed the traditional METRO hello (we placed our left arms around each other, shook hands and patted the other one on the back and said "Love you Brother"). We talked for a few seconds, Charlie smiled (like he always does) and we walked away. Keith and I made our way towards the back of the crowd, where we finally made it to the right side of the grassy area (on the far west side of the infield). We had so many concert goers coming up to us, shaking our hands, taking photos and wanting to buy us drinks. It was the type of crowd we love to work OT for. Keith and I left for a break around 20:45. We returned at approximately 21:30 and went right back to our spot. A female brought us a cell phone someone had lost, so we walked it to Lost and Found. We dropped the phone off at Lost and Found and made our way back to the far west side of the infield where we were before. Jason Aldeen had been performing for a short while so Keith and I just stood to the side of the grassy area and were enjoying the show. Around 2200 a female approached Keith and said there was a female in the crowd who was having a medical episode. We made contact with the female and determined she should get checked out by medical. I asked for a medical unit over the radio. Keith stayed with the female and I made his way back to where we were initially standing and waited for medical. Keith was speaking with the female and her friends, when I heard what sounded like fireworks. I heard part of the crowd cheer, but when I looked back over my right shoulder towards the area of LVBD and Mandalay Bay Drive (the area it sounded like the fireworks were coming from) I did not see anything. Jason Aldeen continued to play so I thought nothing of it. A few seconds later I heard a barrage of what can only be described as rapid gun fire (it sounded like there were several people shooting at each other) and my first thought was it was people on the Las Vegas Boulevard just outside the event shooting into the event. I looked back at Keith and he had the same look on his face as I and most of the other concert goers around us. What the hell was that. People were just standing around trying to figure out what was going on. I looked back towards the main stage and saw they turned all the stage lights off and Jason Aldeen had left the stage. It was at that moment I knew something serious was going on. I

Keith yelled for me and told him to come on. We both took off running towards the area we believed the shots were coming from (I have to tell you, I had NO IDEA where the shots were coming from). I remember seeing a

large group of people running towards us and Keith and I just kept yelling for them to keep running past us and to head north through the field area. As they were running by I was scanning them looking for a shooter. We heard another large barrage of gunfire, we ducked into a bar area, still not knowing where the shots were coming from. While taking cover, a female that was taking cover on the ground in the bar, grabbed my leg and wouldn't let go until I told her I had to go. She finally let go of my leg. The shooting stopped for a moment, so Keith and I took off again towards the area we believed the shots were coming from (it sounded like they were shooting near the main stage area, the sound of the gun fire was so loud I thought they were in the event and moving in our direction). I say "they" because in the moment, all the shooting was taking place, I would have bet my paycheck there was an assault team on the ground, in full tack gear and were going to overrun us at any moment. Keith and I made it up to a portable metal bathroom setup where there were several dozen concert goers huddled up against the metal bottom of the bathrooms. We yelled and asked if anyone knew where the shots were coming from, but no one knew. Keith and I kept going back and forth trying to figure out where the shots were coming from. I remember very clearly thinking "this is it, I only have my Glock 9mm and I'm probably up against a fully stocked assault team with tactical gear. We looked to my right and there were three or four men doing chest compressions on a female who had been shot in the head. I told them they needed to move to cover, so one of the men dragged the lady up against the bottom of the bathroom barrier. I looked around and saw a female that had been shot in the back. This was very confusing because we haven't seen a shooter, yet we have victims that have been shot. At one point I thought, did we missed him when we were running to the front. Keith was trying to get on the radio to summons help, but everyone kept talking and Keith was unable to get thru. Someone did say they had a ton of victims who needed help, but someone else got on the radio and yelled we didn't have time for the victims, we still need to eliminate the threat. Keith saw a light flashing in the middle of the Mandalay Bay. He yelled to me "it's coming from the Mandalay Bay". We both climbed the stairs to the VIP tent area. There were several men dragging an unconscious male to the corner of the covered area, I looked and saw he had been shot in the head. They yelled for us to help, but we still needed to find and eliminate the threat. We helped them find some towels for his wound and continued wading towards the stage area. We walked out where there was a large seating area that had been set up. We looked out towards the front of the stage. We could see several bodies laid out over the area, so we turned back and walked down the set of stairs that were located on the far south end of the VIP tent. We ran up and hugged our bodies against another set of portable larger restrooms. Another officer approached and yelled for us to remove our reflected vest we were wearing for the event. It didn't even dawn on me until that very moment that those vest made us stand out like sore thumbs. Keith and I both ripped our vests off and threw them on the ground. There were several people still in the area and we continued to order them to run thru the VIP covered tent area (we still weren't sure if there were other threats on the ground). We were finally able to make our way to the brick wall that runs parallel with the Las Vegas Boulevard near the corners of LVBD and Mandalay Bay Drive. We hunkered down behind this wall until we got the all C4 call.

Keith and I stayed at the corner of Mandalay Bay Drive and Las Vegas Boulevard until we were relieved and moved to guard the area between gates 2A and 2B on the Las Vegas Boulevard side of the festival lot. We were relieved by another unit at 0700, checked into the CP at South Central Area Command where we were advised to secure for the night.
